

The Tararua Tailwagger

Term 1 2025

Message from the Club President:

Welcome all,

Term one started off busy for our club members who compete in dog sports.

On 4th January the club held our SSANZ (Scent Sports Association New Zealand) Buried Hides trial at the Globe Theatre. Thank you to the small team who worked last year (including over the festive season) to bring this trial together. Thank you also to those who helped on the day.

Then on 15th & 16th February the club held our annual Rally championship show. This year was our first triple show plus we trialled our new software as well. It was a very busy weekend, but the weather was very kind to us and outside with your dog was a very pleasant way to spend the weekend. Thank you to organising club members and also those who helped over the weekend.

Thank you to our term 1 instructors who volunteered to share their knowledge and enthusiasm with our students and helped guide them as they depended their relationship with their dogs and hopefully taught them some new skills or brushed up on some forgot skills.

Well done to all who participated and congratulations to those who passed their grading. If you are wanting to continue your training journey and haven't already, check out the club website for details on Term 2 enrolments.

Term 2 will be held at the club grounds just over the bridge in Longburn. Here we have overhead lights and concrete which are infinitely better in the colder months.

As the mornings and evenings are getting darker each week, don't forget when out walking your dog/s to "be safe, be seen" and take extra precautions so traffic can see you.

I'd like to thank our very generous club sponsors VitaPet for the dog treats and dog food that was donated this term. It is nice to be able to give our students some extra goodies.

Keep up the fun with your dog and we look forward to seeing many of you again next term.

Cheers
Anthea

TADTC Rally-O Show

On the 15th and 16th of February we held our annual Rally-O Championship show. This year we went back to holding by ourselves but instead of our normal double we decided to try a triple.

Everything went smoothly and our thanks go out to all those who made it possible. A special thank you to our generous sponsor, Superior Pet Food.

Treat Recipe

Dog Treat Sticks

Ingredients:

Equal parts raw mince and kumara (sweet potato)

Process:

1. Cook kumara (can microwave)
2. Put cooked kumara into a food processor and blend until smooth.
3. Add raw mince and blend until there are no large lumps and mixture is reasonably smooth
4. Line a baking tray with baking paper
5. With wet hands, shape into thin long log shapes approximately 1cm round.
6. Bake at 150°C for 1 hour, depending on how crunchy you want
7. Store in a sealed container in the fridge for up to a week, otherwise in the freezer

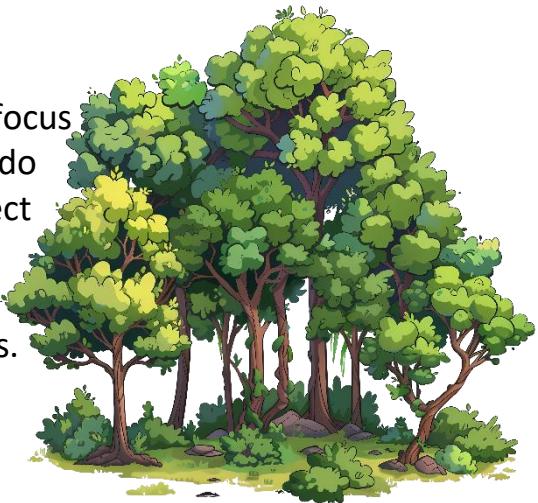

Have a go!

Sniffari

A sniffari is what I like to call an adventure where the sole focus is letting your dog smell everything they want to. You may do this on walks already or you may focus on the walking aspect so don't often let your dog's just sniff.

Sniffing is more beneficial than you may think for your dogs. There are three main benefits when going on a sniffari:

1. Sniffing is a natural behaviour and as such can have a calming effect
2. Dogs have a powerful sense of smell and using it gives them enrichment. Taking them to different places exposes them to all sorts of smells which they love
3. Lastly, going on an adventure also provides the physical exercise

Finally, don't forget to let them sniff as much as they like. I recommend getting a long line that way they can search about and don't have to be off lead.
